# BROODMORK

Creative Practice & Family Life

This card is printed with soy inks on a card made out of 10% stalks of banana trees—which would otherwise have gone to waste—and 90% post-consumer waste paper, which is usually office paper that has been recycled and de-inked to be used again. Chlorine free.

Center for the Arts, Eagle Rock is a nonprofit 501(c)(3) organization that provides innovative and multicultural arts programming to the communities of Northeast Los Angeles. We target nontraditional and underserved audiences at nontraditional venues, providing access to excellent arts education to our youth and contemporary arts experience to all in our area.
